This Month was full of energy, many things happened, so let's get started for

Blua_discouncil and the ANTI-REPORT nomadelabel DAO July

Also add My sister's report:

[REPORT] Nomade Label Council Report - Ritamaria

Hello!! Here is my report as council form Nomade Label DAO in the month of July During our decentralization process, we passed the month of June without council members that lead us to the understanding the needs of council members, and also the roles concerned to them; so, in our last June meeting, we decided together who would take these places between the community members, as we reported here: <https://gov.near.org/t/report-nomade-label-monthly-report-june/24590> During the month of July, ...

First mission as council was interesting failed, a good proposal to learn about our misconceptions of the ecosystem, and to heard from Marketing DAO council members opinion about how creatives are using they founds... take a look on the tred:

As Transdisciplinary human, active on this ecosystem, my participation as nomadelabel sisterhood, i would say that earning the title of council is not such simple thing, cause besides the technical apparatus of dealing with web3, relationships on the metaverse, and the governance forum interactions, the active member of thias community must recall the psychological challenge that it to deal internally with this overload of information, besides the uncertainties of the return due to the [delays on Skip to main content art of NF](#), this month for example.

There is a big responsibility, that the knowledge brings, but also the power to face the challenges and make the changes!

On the Atypical month, we did fight for our right to party!

and work harder!
