Hello [@blusw](#),

Thanks for your proposal.

Near Globe DAO tends to support local communities to advocate for NEAR in various countries, focusing on fostering community development in specific languages within the NEAR ecosystem.

In other words, community should be of specified country or region. Apart from that, we are currently working on HoM's KPIs. I would request you to read our [CHARTER](#) to get better vision about it.

I think your proposal aligns with the Creatives DAO's vision.

Still, if you have any questions or want to have a discussion on any proposal/idea. Feel free to ping me on [Telegram](#).
